※ Both the rental fee and setup/adjustment fee are required when using a projector.

The setup/adjustment fee includes one operation briefing per day. Additional briefings or adjustments within the same day will incur extra charges.

※ The setup/adjustment fee covers up to two input sources: one PC and one video input.

(Additional charges apply for long-distance cabling.)

For configurations beyond the above, additional connection equipment and setup fees may apply.

※ Depending on the connection environment and cable routing, a separate quotation may be necessary for setup/adjustment services.

※ For large projectors (PT-DZ13K, PT-RCQ10JLB), a dedicated operator arranged by the venue is mandatory. For mid-sized and small projectors (PT-RZ690JLB, EB-1795F, EB-U32, EB-735Fi, EB-992F), operation by the organizer is possible.

However, we recommend using our in-house operator for events involving complex setups or visual production requirements.

※ We are happy to accommodate advance connection tests with your PC or provide other support upon request.
